

# WILD DEUCE RETREATS & OUTFITTING

Because we pack in all our gear and personal items on horseback, space is limited.

Therefore please be efficient in your packing as we can only haul so much per person.

## Clothing

*Think warm. Plan on cool days and cold nights. Layering is best.*

- 1-2 pairs of pants (preferably jeans)
- 1 fleece and 1 wool sweaters
- T-shirts / Long Sleeve Shirts – one for each day
- Socks for each day, plus a pair of wool socks
- Underwear for each day plus one or two extra pairs
- Warm, windproof jacket
- Waterproof jacket or slicker (Wild Deuce does have some extra slickers)
- Boots with heels - for riding this is a must!
- Swimwear / shorts / comfortable pants
- Camp shoes or sandals
- (optional) Insulated bib overalls (i.e. Tough Duck) - nice for cool nights around the fire

## Sleeping

- Sleeping bag (Minimum –20C rating)
- Small or Inflatable Pillow (We typically use clothing or vests instead)
- Sleeping mat / foam / Thermarest (We may have extra mats at our base camp but not in our remote camps).
- Thermal underwear
- Toque
- Wool socks

## Personals

*Please: No scented personals. i.e. deodorant, perfumes or lotions.*

- Soap (biodegradable)
- Towel
- Toothbrush/toothpaste
- Brush
- Toilet paper (One roll is enough for two people. Pack in ziplock bag)
- Other personal toiletries

## Other Items

*Can be stored in pockets or on your horse. Consider Ziploc bags to keep items dry. We do not have electricity at our remote camps to recharge batteries.*
